## Full Stack Web Developer

Energetic professional with a passion for people, learning and new experiences. Transitioning into full stack web development. Goal-and-detail oriented, adaptable, self-motivated, humorous, and proud of my work. Excited to problem solve, develop apps, mend bugs, and improve services to users across the web. Looking for an organization that will challenge me while encouraging my personal and professional growth.

---

## Technical Skills

HTML/CSS	JavaScript	node	MySQL	React
MongoDB	Bootstrap	express	Python	sequelize
VS Code	mongoose	indexedDB	Git	Heroku

---
